- Abortion, in man: a case report, mycotic, 48
- Amniotic Fluid, the behavior of cephalothin in, 105
- Anomalies, irregular menses—overripeness and fetal, 75
- Bone, development in the rabbit, influence of ethamoxypytriphetol on the fetal, 137
- Catecholamine, excretion in the urine of term pregnant women and the newborn, 237
- Cephalothin, in amniotic fluid, the behavior of, 105
- Cesarean, hysterectomy: a 15 year review, 231
- Colpoclesis, for complete vaginal prolapse: demonstration of a technique, partial, 94
- Colposcope, for cervical neoplasia, observations on the use of the, 97
- Congenital, absence of the external genitalia, 66
- Contraception, treatment, enzymatic characteristics of the monkey endometrium during ovulatory and anovulatory cycles and under hormonal, 127
- Contraceptives, for students, 38
- Cysts, erythroblastosis and theca lutein, 124
- Cyst, in labor simulating abruptio placentae, a ruptured dermoid cyst, 229
- Ectocervix, epithelial abnormalities on the, 1
- Education, the university's responsibility in residency, 149  
for community practice, residency, 165  
core curriculum for residency, 172  
program, a residency, 174
- in obstetrics and gynecology, resident, 179  
as evaluated by examinations of the American board of obstetrics and gynecology, residency, 189
- Endometrial, sampling, 52
- Endometrium, during ovulatory and anovulatory cycles and under hormonal contraception treatment, enzymatic characteristics of the monkey, 127
- Epithelial, abnormalities on the ectocervix, 1
- Erythroblastosis, and theca lutein cysts, 124
- Ethamoxypytriphetol, on the fetal bone development in the rabbit, influence of, 137
- Genitalia, congenital absence of the external, 66
- Herpes Virus, findings in relation to cervical neoplasia, genital, 109
- Hysterectomy, a 15 year review, cesarean, 231
- Hysterosalpingography, and insufflation, 56
- Internship, necessary? is an, 162
- Insufflation, hysterosalpingography and, 56
- In-Training Examination, for residents in obstetrics and gynecology, 187
- Menses, overripeness and fetal anomalies, irregular menses, 75
- Monkey, endometrium during ovulatory and anovulatory cycles and under hormonal contraception treatment, enzymatic characteristics of the, 127
- Neonatal, purpura, isoimmune (case report and review), 212
- Neoplasia, genital herpes virus findings in relation to cervical, 109

- Nitrofurazone, treatment, changes of vaginal odors of six patients under, 141
- Observations on the use of the colposcope for cervical, 97
- Obstetrics and Gynecology, attraction of students to the discipline of, 153  
surgical training for, 158  
why attract students to the discipline of, 203
- Odors, of six patients under nitrofurazone treatment, changes of vaginal, 141
- Piperadolate Hydrochloride, experimental studies of the response of pregnant human uterus to, 69
- Placental Insufficiency, problems and management of postmaturity and, 77
- Postmaturity, and placental insufficiency, problems and management of, 77
- Purpura, isoimmune neonatal (case report and review), 212
- Rabbit, influence of ethamoxypyriphetol on the fetal bone development in the, 137
- Residency, controlled by university program, community hospital, 183  
education, the university's responsibility in, 149  
education for community practice, 165  
training, basic science curriculum in, 171  
education, core curriculum for, 172
- education program, a, 174  
education, as evaluated by examinations of the American board of obstetrics and gynecology, 189
- Resident(s), in obstetrics and gynecology, in-training examination for, 187  
education in obstetrics and gynecology, 179
- Royal College, of physicians and surgeons of Canada, the position of the, 196
- Stein-Leventhal, syndrome, how common is the?, 208
- Toxemic, syndrome in a sector of the Mexican population, some aspects of, 114
- Training, in internal medicine is necessary? how much, 160  
basic science curriculum in residency, 171
- Urine, of term pregnant women and the newborn, catecholamine excretion in the, 237
- Uterus, to piperadolate hydrochloride, experimental studies of the response of pregnant human, 69  
what is the normal size of the?, 208  
the size of the normal, 220
- Vaginal, odors of six patients under nitrofurazone treatment, changes of, 141  
prolapse: demonstration of a technic, partial colpoclesis for complete, 94

derivative, Progestational activity of a new, 84
- Endometrial ground substance,  
Changes in, 13
- Endometrium  
Cyclic physiologic changes in, 123
- Enovid  
among clinic patients: results after 2½ to 6 years of individual patient use, Long-term experience with, 90
- Estrogen(s)  
in the management of respiratory distress, Aqueous, 53
- Fetal  
scalp blood pH, glucose, lactate and pyruvate concentrations with cord blood determinations at time of delivery and cesarean section, Correlation of, 209
- Fetal heart rate  
response in the pre-eclamptic hypertensive patient during spontaneous and oxytocin stimulated labor, 110
- Genital  
secretions, Alpha<sub>1</sub>-antitrypsin in, 3
- Hodge, planes of  
as an index of the progress of labor, The (letter), 132

- Infertile**  
 female: ovulation stimulating drugs (Part I), Treatment of the, (Symposium) 138  
 female: ovulation stimulating drugs (Part II), Treatment of the, (Symposium) 181
- Intrauterine contraceptive devices**  
 Effect of tranexamic acid (AMCA) in menorrhagia with, 154  
 Uterine contractility upon human, Effect of, 242  
 Uterine contractility in women using, 248
- Intrauterine patient**  
 Phenobarbital-dilantin treatment of the, 81
- Labor**  
 The planes of Hodge as an index of the progress of (letter), 132
- Low income schoolgirls**  
 An interdisciplinary program for low income pregnant schoolgirls. A progress report, 103
- Megestrol acetate**  
 application as contraceptive, Low dosage, 41
- Oral contraceptives**  
 on blood lipids, Effect of, 15  
 on carbohydrate metabolism, The effects of, 20  
 A comparative study on, 38
- Oxytocin stimulated labor**  
 Fetal heart rate response in the pre-eclamptic hypertensive patient during spontaneous and, 110
- Phenobarbital-dilantin**  
 treatment of the intrauterine patient, 81
- Pill**  
 the once-a-month, 196
- Placental insufficiency**  
 Postmaturity and (letter), 195A
- Plasma cortisol**  
 after one to sixty cycles of oral contraception, 9
- Postmaturity**  
 and placental insufficiency (letter), 195A
- Practitioner's dilemma, A**, 36
- Pre-eclamptic**  
 hypertensive patient during spontaneous and oxytocin stimulated labor, Fetal heart rate response in the, 110
- Progestational**  
 activity of a new diacetate progesterone derivative, 84
- Progesterogen-estrogen contraception**  
 on the vaginal epithelium, The effect of long-acting, 162
- Propranolol**  
 administration during pregnancy. A case report, Chronic, 179
- Planes of Hodge**  
 as an index of the progress of labor, The (letter), 132
- Respiratory distress syndrome**  
 Aqueous estrogens in the management of, 53
